PROJECTS

Java Fighting Game
NOVEMBER 2022

- Presently developing a fighting video game where the player must find their opponent on a grid-based map through the Computer Science I course
- Strengthening Java programming skills through researching skills beyond the course and utilizing skills within the course

LEADERSHIP AND ACTIVITIES

Technology Student Association at ThunderRidge High School - Member
AUGUST 2021 - MAY 2022

- Utilized problem solving and technical skills to come up with an eco-friendly solution for cyanobacteria, which earned my team 2nd Place in the Districts competition
- Effectively learned analytical, extemporaneous speaking, and mechanical skills in order to compete in a variety of events in the Districts and State competition

Colorado College Coding Club - Member
AUGUST 2022 - Present

- Engaging with the computer science community within the University to build support for those with similar backgrounds through events such as the Rocky Mountain Celebration of Women in Computing
- Presently expanding involvement within the community through attaining a leadership position within the club

Colorado College Figure Skating Team - Member
AUGUST 2022 - Present

- Committed to early morning practice and persevered to master skills in order to compete at the collegiate level in February 2023
- Took a risk in learning a new sport

Denver Animal Shelter - Volunteer Adoption Guide, Volunteer Translator
JULY 2021 - MAY 2022

- Facilitated an individual consultation with potential adoptees and approved the adoption of over 20 dogs, cats, and small mammals
- Utilized detail orientation to translate shelter documents from English to Spanish

ThunderRidge Charity Art Auction - Co-Planner/Manager
MAY 2021 - MAY 2022

- Established a school event to raise over \$300 for the non-profit Think 360 Arts
- Spearheaded a collaboration with my high school community to raise over 50 pieces of artwork for the event
